[illegible][illegible]

A circular, heavily degraded stamp, possibly a seal or official mark, with illegible text and a central emblem. The stamp is surrounded by a double-lined border. The text within the stamp is mostly illegible due to the quality of the scan, but some characters are visible, such as '11' at the top and '11' at the bottom. The central emblem is also indistinct.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very important document, as it contains the President's views on the state of the Union and the progress of the war. The letter is written in a very formal and dignified style, and it is one of the most important documents of the Civil War era.

1. The first of these is the fact that the Commission has been unable to obtain any information from the Government of the United States as to the results of its investigation of the activities of the Communist Party in the United States. This is a serious matter, and it is hoped that the Commission will be able to obtain the necessary information in the near future.

DELETED CERTIFICATE OF
BANK OF AMERICA

[Handwritten signature]

A circular, textured object, possibly a coin or a seal, with a serrated edge and a central emblem. The image is heavily degraded with noise and artifacts, making the details difficult to discern. The central emblem appears to be a stylized figure or symbol, but it is not clearly identifiable. The overall appearance is that of a low-quality scan of a physical object.

AUG 26 1963

Drusilla Lambert wrote July 23, 1977 stating that May S. Hansen is her sister rather than a neighbor. The affidavit used listed only that May S. Hansen "was there at the time of birth " and the person preparing the certificate incorrectly assumed that she was a neighbor. The original affidavit was dated June 13, 1963. The certificate was corrected to read "sister" September 20, 1977.
